

June 2020

Dear Nantucket High School families,

Happy June! We hope this letter finds you winding down your academic year as smoothly as possible and ready to embrace the summer.

It has certainly been a unique classroom environment these past few months as we have shifted to remote learning, and as we look forward to our September return. Still, the Nantucket High School English department continues to believe in the power of independent reading during the summer as a way to develop habits to become lifelong learners. To that end, we are offering an optional enrichment opportunity for all students and invite them to explore some of our suggestions we have compiled in the [NHS Summer Reading 2020 Padlet](#). Individual student choice is an essential part of our approach this year, and we hope our students enjoy the way we have designed the 2020 program.

If you are enrolled in an honors or AP English class, make sure you go to the link below to find your class's assignment. Also, for students taking honors and advanced placement classes, there will be an important meeting next week. Please follow the [honors/AP meeting](#) link to find your meeting time. At the meeting, your next year's English teacher will have more information along with the assignment.

Please do not hesitate to contact us with any questions.

Best to all families,
Nantucket High School English Department
