

**PREVENTIVE MEASURES FOR LYME DISEASE
FOR THE NANTUCKET PUBLIC SCHOOLS**

The district will provide basic information to the students and parents through the school nurse or the staff on preventive measures relating to ticks.

Preventive measures relative to outdoor trips will be part of the information packet for all off-campus activities. Parents will be notified that students will be visiting areas where ticks are known to be found.

The Superintendent shall publish regulations, procedures and/or exhibits to implement this policy.
