

## **ADVERTISING IN THE SCHOOLS**

The School Committee may grant permission for advertising of commercial products or services in school buildings or on school grounds under guidelines or regulations it may approve. Otherwise, no advertising of commercial products or services will be permitted in school buildings or on school grounds. Publications of the school system will not contain any advertising. However, this will not prevent advertising in student publications that are published by student organizations, subject to administration controls, or the use of commercially-sponsored, free teaching aids if the content is approved by the administration.

Solicitation of sales or use of the name of the school system to promote any product will not be permitted by the Committee.
